Product details

The lighting schemes in White City House and 180 House formed the inspiration for our Seed floor lamp, which features a cluster of bisected orbs connected to a raw brass frame. Ours is brushed to give the lamp its antique aesthetic, and is left without a protective coating. It therefore ages over time and develops a beautiful patina that adds character to new and old homes alike. Grounded by a honed Italian marble base, this floor lamp serves as a versatile lighting option for both narrow hallways and expansive living areas.
