Product details

You'll find Tala bulbs in the lamps, wall lights and chandeliers in many of our Houses. Tala is on a mission to become the definitive zero-carbon lighting brand. Made from high quality fully recyclable materials Tala LED bulbs use 90% less energy than incandescent equivalents and have a lifespan of between 5-10 years in the home, this efficiency and longevity reduces energy bills and lowers the users' carbon footprint. Together with reforestation partners, Tala have planted over 40,000 trees worldwide.

The Porcelain I light bulb by Tala offers a clean and simple design with soft white light, making this bulb feel at home in a range of E14 fixtures. The Porcelain I comes complete with energy efficient LED technology, lasting an average of 5-10 years based on daily usage.
