You'll find Tala bulbs in the lamps, wall lights and chandeliers in many of our Houses. Tala is on a mission to become the definitive zero-carbon lighting brand. Made from high quality fully recyclable materials Tala LED bulbs use 90% less energy than incandescent equivalents and have a lifespan of between 5-10 years in the home, this efficiency and longevity reduces energy bills and lowers the users' carbon footprint. Together with reforestation partners, Tala have planted over 40,000 trees worldwide.

The Pygmy light bulb by Tala is a small LED light source, ideal for pairing with small fixtures. Complete with an iron tint finish and exposed filament design, it emits a warm, amber hue while requiring very little energy. The Pygmy bulb is fitted with efficient LED technology, lasting up to 10 years based on daily usage.
