Care instructions: To keep your vanity unit in the best condition, we advise the

following suggestions. Although our vanity tops are hardwearing,

prevent placing sharp objects or excessive heat on the surface as

this will cause irreversible damage. Care should also be taken not

to drop any heavy objects onto the top as the surface may crack.

For general cleaning, use a damp, soapy cloth. We also advise

dusting often using a clean, soft, dry and lint-free cloth. All

spills, including corrosive liquids and make-up should be wiped off

immediately without the use of bleach products, scouring pads or

multi-surface cleaners. Avoid leaving water to lie on the surface

as our bathroom vanity units are water-resistant but not

waterproof.
