Product details

Natural variations in the large, open swirl patterns of the ash burl make each of these pieces unique.

Inspired by the classic aesthetic of Soho House Paris, the Dawson coffee table has a rounded, oblong silhouette that adds softness, with solid lip and groove detailing around the edges. A high-gloss lacquer finish on the patterned ash burl creates a lustrous shine.

Care instructions: For general cleaning, wipe with a damp soft clean cloth. Ensure the cloth is damp, not soaking wet and wipe in down strokes not circular motions. Avoid abrasive cleaners such as bleach-based products or steel wool as this will damage the lacquer finish.

Observe regular dusting with a dry clean soft cloth to prevent build up. To prevent damage, keep your table dry, and do not place hot pans, plates or mugs directly onto the table; instead use placemats and coasters. Avoid placing heavy items directly onto the table and use rubber mats or feet to prevent scratching.
