Product details

Created using a mix of materials, from crayon to gouache and acrylic on canvas, to reimagine the oscillations and iridescence of feathers. Similar to a smaller piece, 'Black Wing', also created by Kevin Jackson, this artwork uses mixed materials to create the artist's abstract interpretation of the sound of flapping wings as a bird takes flight.

About the artist

A Chelsea School of Art alumni, Kevin Jackson is based in London, with some of his work displayed in the city's prestigious British Museum. The artist often creates mixed-media abstract pieces as a way to analyse the place humans have in an increasingly virtual world.
