Product details

The Selina floor lamp is designed with a solid brass base, also known as raw or uncoated brass. Ours is brushed to give the lamp an antique feel, and is left without a protective coating. It therefore ages over time to develop a beautiful patina that adds character to new and old homes alike. Triangular shades unfurl outwards to create directional lighting for a standout effect. Display this floor lamp in an open living area, office or bedroom to echo the ambient lighting styles at 180 House.

- Antique solid brass
- Sturdy solid brass frame
- Directional shades
- Task heads
- Inspired by 180 House
