Product details

Made from a cream marble sourced from Italy, the top of this four-drawer vanity unit sits on a solid oak base detailed with curved, ridged lines. Distinguished by beige, tan and grey tones, the unique nature of this Italian-sourced marble means that no two Harrison vanity units are exactly the same. You may even find occasional ivory and quartz veining across its surface.

Care instructions: To keep your vanity unit in the best condition, we advise the following suggestions. Although our vanity tops are hardwearing, prevent placing sharp objects or excessive heat on the surface as this will cause irreversible damage. Care should also be taken not to drop any heavy objects onto the top as the surface may crack. For general cleaning, use a damp, soapy cloth. We also advise dusting often using a clean, soft, dry and lint-free cloth. All spills, including corrosive liquids and make-up should be wiped off immediately without the use of bleach products, scouring pads or multi-surface cleaners. Avoid leaving water to lie on the surface as our bathroom vanity units are water-resistant but not waterproof.
