'Liberá' by Ruth Philo

\$1,000 Regular price

\$850 Member price

The geometric lines seen in this original abstract painting take inspiration from the traditional tiles, or 'azulejos', seen in Portugal.

About the artist

Ruth Philo's paintings explore abstractation through colour, light and surface, often drawing inspiration from the artist's everyday life. She mixes materials from pigments to things picked up on her travels on a variety of surfaces such as canvas, linen and wooden panels.
